# CONTENTS OF VOLUME XXII

BARTLEY, S. H. **Subjective Flicker Rate with Relation to Critical Flicker Frequency** ..... 388

BAXTER, B. AND TRAVIS, R. C. **The Reaction Time to Vestibular Stimuli** ..... 277

BEAN, C. H. **The Blind Have 'Optical Illusions'** ..... 283

BROWN, C. W. AND SEARLE, L. V. **The Effect of Variation in the Dose of Benzedrine Sulphate on the Activity of White Rats** ..... 555

CASON, H. **The Influence of Attitude and Distraction** ..... 532

CAMPBELL, A. A. **The Interrelations of Two Measures of Conditioning in Man** ..... 225

COOK, T. W. **Whole and Four Part Learning Thirty-two Unit Spider Mazes** ..... 439

COOMBS, C. H. **Adaptation of the Galvanic Response to Auditory Stimuli** ..... 244

COURTS, F. A. AND WAGGONER, D. **The Effect of 'Something Happening' after a Response** ..... 383

ERICKSON, M. H. AND ERICKSON, E. M. **The Hypnotic Induction of Hallucinatory Color Vision Followed by Pseudo Negative After-Images** ..... 581

FERNBERGER, S. W. **'Extra-Sensory Perceptions' or Instructions?** ..... 602

FLETCHER, J. M. AND BOSCH, W. C. **A Suggested Improvement in Voice Key Construction** ..... 97

GOTTLOBER, A. B. **The Relationship Between Brain Potentials and Personality** ..... 67

GOTTLOBER, A. B. **The Inheritance of Brain Potential Patterns** ..... 193

GUILFORD, J. P. **The Computation of Psychological Values from Judgments in Absolute Categories** ..... 32

GUILFORD, J. P. AND JORGENSEN, A. P. **Some Constant Errors in Ratings** ..... 43

GURNEE, H. **The Effect of Electric Shock for Right Responses on Maze Learning in Human Subjects** ..... 354

HENRY, F. **A Direct Reading Cardio-Chronoscope** ..... 598

HERR, D. L. **A Mathematical Analysis of the Experiments in Extra-Sensory Perception** ..... 491

HILGARD, E. R. AND HUMPHREYS, L. G. **The Effect of Supporting and Antagonistic Voluntary Instructions on Conditioned Discrimination** ..... 291

HOVLAND, C. I. **Experimental Studies in Rote Learning Theory. I. Reminiscence Following Learning by Massed and by Distributed Practice** ..... 201

HOVLAND, C. I. **Experimental Studies in Rote Learning Theory. II. Reminiscence with Varying Speeds by Syllable Presentation** ..... 338

HUNTER, W. S. **An Experiment on the Disinhibition of Voluntary Responses** ..... 419

JENKINS, W. L. **Studies in Thermal Sensitivity. 2. Adaptation with a Series of Small Rectangular Stimulators** ..... 84

JENKINS, W. L. **Studies in Thermal Sensitivity. 3. Adaptation with a Series of Small Annular Stimulators** ..... 164

JENKINS, W. L. **Studies in Thermal Sensitivity. 4. Minor Contributions** ..... 178

JENKINS, W. L. **Studies in Thermal Sensitivity. 5. The Reactions of Untrained Subjects to Simultaneous Warm – Cold Stimulation** ..... 451

JENKINS, W. L. **Studies in Thermal Sensitivity. 6. The Reactions of Untrained Subjects to Simultaneous Warm + Cold + Electric Shock** ..... 564

JENNESS, A. AND HACKMAN, R. C. **Salivary Secretion During Hypnosis** ..... 58

KARN, H. W. **A Case of Experimentally Induced Neurosis in the Cat** ..... 589
KELLOGG, W. N. **Evidence of Both Stimulus-Substitution and Original Anticipatory Responses in the Conditioning of Dogs** ..... 186
KRECHEVSKY, I. **An Experimental Investigation of the Principle of Proximity in the Visual Perception of the Rat** ..... 497
MCGEOCH, J. A. AND SISSON, E. D. **Studies in Retroactive Inhibition: XI. The Influence of the Relative Serial Positions of Interpolated Synonyms in Twenty-Item Lists** ..... 547
PORTER, E. H., JR. AND HALL, C. S. **A Further Investigation of the Role of Emphasis in Learning** ..... 377
PRESTON, M. G. **Note on the Reliability and the Validity of the Group Judgment** 462
QUINAN, C. **Stammering and Left-Handedness: A Graphic Study** ..... 90
ROBINSON, M. F. **The Work Decrement as Affected by Three Kinds of Meaningfulness** ..... 124
SEARLE, L. V. AND BROWN, C. W. **The Effect of Subcutaneous Injections of Benzedrine Sulfate on the Activity of White Rats** ..... 480
SHARP, A. A. **An Experimental Test of Freud's Doctrine of the Relation of Hedonic Tone to Memory Revival** ..... 395
SISSON, E. D. **Retroactive Inhibition: The Influence of Degree of Associative Value of Original and Interpolated Lists** ..... 573
SKOLNICK, A. **The Upper Limit of Cutaneous Sensitivity to Frequency of Vibration in the White Rat** ..... 273
SMITH, F. O. **An Experimental Study of the Reaction Time of the Cerebral Hemispheres in Relation to Handedness and Eyedness** ..... 75
STOKVIS, B. **A New Method for the Uninterrupted Registering of Blood Pressure as a Psycho-Physiological Research Technique for the Study of Psychic Stimuli on the Blood Pressure** ..... 365
TINKER, M. A. **Susceptibility to Optical Illusions: Specific or General?** ..... 593
TRAVIS, L. E. AND BARBER, V. **The Effect of Tactile Stimulation upon the Berger Rhythm** ..... 269
TRAVIS, L. E. AND HALL, M. E. **Effect of Visual After-Images upon Brain Potential Patterning under Different Degrees of Attention** ..... 472
TRAVIS, L. E. AND EGAN, J. P. **Conditioning of the Electrical Response of the Cortex** ..... 524
TROWBRIDGE, M. H. **A Study of Backward and Remote Forward Association** .. 319
WEDELL, C. H. AND CUMMINGS, S. B., JR. **Fatigue of the Vibratory Sense** ..... 429
WENTINK, E. A. **The Effects of Certain Drugs and Hormones upon Conditioning** 150
WEVER, E. G. AND BRAY, C. W. **The Nature of Acoustic Response: The Relation Between Stimulus Intensity and the Magnitude of Cochlear Responses in the Cat** ..... 1
WHITE, H. R. **Ocular Pursuit in Normal and Psychopathological Subjects** ..... 17
WICKENS, D. D. **The Transference of Conditioned Excitation and Conditioned Inhibition from One Muscle Group to the Antagonistic Muscle Group** ..... 101
YOUTZ, R. E. P. **Reinforcement, Extinction, and Spontaneous Recovery in a Non-Pavlovian Reaction** ..... 305
